Theodore Becknell

My dear People:

For some time I have recognized the need for a Parish Directory. It has been a long time since the last one was published, and in the meantime many changes have taken place. Therefore, I have prepared for you this little book.

It will prove itself useful, I am sure, in many ways: for instance, you can refer to it to ascertain the time of services, to secure the names of officers of the various organizations and guilds, to get the addresses of your fellow parishioners, and for other information concerning our parish. I recommend that each of you keep a copy of the Parish Directory in a convenient place in your home for reference purposes.

A little warning, however, may not be out of order: It has been rather a difficult task to gather together this information and to bring our lists, more or less, up to date; and I cannot hope that even now it is perfect. No doubt, some errors will be discovered; and perhaps some names may inadvertently be omitted. If this should occur, I pray you not to judge the compiler too harshly; but inform him of his error that the mistake may subsequently be rectified.

Finally let me take this opportunity of thanking you most warmly for your hearty co-operation in all things pertaining to our parish life and work.

May our dear Lord richly bless each one of you.

Your Friend and Pastor,

WILLIAM IVAN EDWARDS.
